LABORATORY RECOGNITION PROGRAM

ABOUT US

Green Life Medicare Since its establishment in 2015, having demonstrated excellence in medical laboratory diagnostics and health care services. Our priority has been to deliver high-quality expertise in both Overseas and Domestic Pre-employment Medical Examinations, Industrial Factory Periodical Health Check-ups, TPA Pre-Insurance Policy Medical Examinations, and Laboratory Services for Society.

We have a dedicated team of qualified, well-versed experienced **Super Speciality Consultants** and **Paramedical Staffs**, who analyze medical screening reports to issue **Medical Fitness Certificates** for the migrant individuals/domestic employment workers/third-party tie-up organizations' health check-ups.

We offer a range of **laboratory services for Society**, ensuring accurate and timely diagnostic support for individuals requiring further evaluation based on their screening reports. We also facilitate consultations with **multi-specialty doctors**, providing comprehensive care and guidance as needed.

In addition, we are proud to say we have begun to be recognized as a fully certified and accredited laboratory. Maintaining compliance with accurate quality management systems and participating in External Quality Assessment (EQA) programs ensures the accuracy, consistency, and reliability of our diagnostic results. We continuously audit and improve our processes to meet the evolving standards of medical testing and patient safety.

Subject: Appreciation for Excellent Laboratory Services

Dear Mr. Johnson & Mr. Suresh,

On behalf of our **LEEDS HR SOLUTIONS**, I would like to express our sincere appreciation for the excellent laboratory services provided by **Green Life Medicare**.

Your team's professionalism, accuracy, and timely delivery of test results have been instrumental in supporting our operations/projects. We particularly commend your staff for their technical expertise, attention to detail, and commitment to maintaining high-quality standards.

We value the partnership we have developed and look forward to continuing our association with your laboratory. Your consistent dedication to excellence greatly contributes to our mutual success.

Thank you once again for your outstanding service and support.

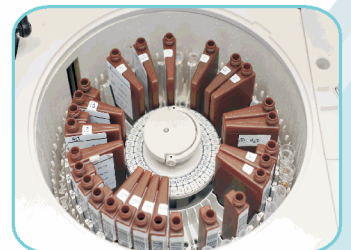

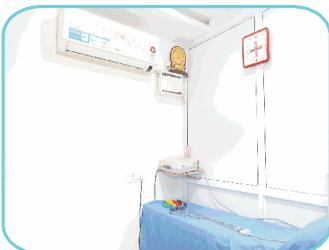

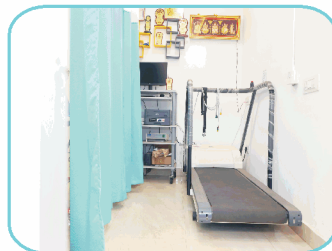

With appreciation,
Warm regards,

E.SELVAKUMAR
